

Mahr

832 Gaging Amplifier

FEATURES

- Dynamic MIN, MAX, TIR
- Multi Range/Auto Range
- Message Center
- RS-232/Analog Output
- Dual Gagehead
- Master Deviation
- Limits
- Auto Zero
- Auto Calibrate
- Analog/Digital Display
- Multiplier
- Actual/Preset Values
- Dual Power

BENEFITS

- Simplifies Operation Job for Dynamic Operation
- Three in/mm Ranges Allows Use in Many Applications
- Simplifies Setup
- For Data Collection/Strip Chart Recording
- For Differential Measurement
- Reduces Need for Exact Zero Master
- Provides Controlling Function
- Simplifies Mechanical Zeroing
- Eases Calibration of Unit
- Provides Best Viewing for Application
- Compensation for Lever Head Ratios
- Eases Operator Use by Viewing Actual Size or Deviation Value
- Battery or Line Voltage Use
