

About us

King Tester® was founded in 1936 by Andrew King near Philadelphia, Pennsylvania to satisfy the need for a portable full load Brinell.

Over the past 80 years, King Tester® has solidified itself as the industry standard by providing the best and most accurate full load portable Brinell testers.

As the world-wide leader in portable full load Brinell testing solutions, we hold ourselves to the highest standards of quality and reliability while continuing to provide customers with the only product that consistently meets their expectations.

Why Choose KING?

Accuracy
